

Juan Vober

Comic Artist & Graphic Designer

[4808253892] | [vober360@gmail.com] | Phoenix, AZ area

PROFESSIONAL SUMMARY

Technical Graphic Designer and Comic Artist with a Bachelor's in Computer Science. Expert in traditional and digital media, specializing in **semi-realism**, grunge aesthetics, and cyber sigilism. Highly proficient in **charcoal, pencil, and pen and ink**, as well as the Adobe Creative Suite. Proven ability to combine fine art techniques with technical workflows like GitHub for remote project delivery.

CORE ARTISTIC SKILLS

- **Traditional Media:** Professional-grade Charcoal (shading/value), Pencil, and Pen and Ink illustration.
- **Artistic Styles:** Semi-Realism, High-contrast 2D graphics, and Grunge aesthetics.
- **Sequential Art:** Storyboarding, character turnarounds, and anatomy-focused illustration.
- **Software Mastery:** Adobe Photoshop, Illustrator, and InDesign.

TECHNICAL SKILLS

- **Version Control:** GitHub (Asset management and portfolio hosting).
- **Programming:** Python, HTML/CSS, JavaScript, Bootstrap, JSON.
- **Workflow:** Digital cleanup of traditional media and high-resolution asset preparation.

PROFESSIONAL EXPERIENCE

Lead Designer & Brand Developer | Freelance / Personal Brand

2025 – Present

- Managing end-to-end visual identity for a personal streetwear brand, utilizing semi-realistic and grunge-style graphics.
- Executing custom 2D imagery and logos, blending traditional fine art (charcoal and ink) with digital refinement.
- Maintaining strict design consistency across multiple formats, delivering print-ready digital files via GitHub.

Graphic Designer | Instant Graphics | Mesa, AZ

May 2024 – November 2025

- Developed engaging visual designs for marketing materials and social media.
- Collaborated with clients to translate complex creative visions into finished concepts.

- Managed project lifecycles from initial sketch to completion under tight professional deadlines.

Graphic Designer | PostcardMania | Clearwater, FL (Remote)

August 2023 – December 2024

- Conceptualized innovative design solutions for diverse marketing objectives.
- Collaborated with remote marketing teams to ensure high-quality, professional-grade production.

Web Designer & Programmer | West-MEC | Glendale, AZ

August 2021 – May 2023

- Developed the West-MEC Professional Development Website using HTML, CSS, and JavaScript.
- Presented project milestones to the Governing Board, demonstrating professional communication and leadership.
